

NLP Masterclass Learning Set 2009

for

NLP Master Practitioners & Trainers

"I'm very excited about this programme. Alongside our NLP Masterclass 2009 Series we will again be running a year-long learning set for a limited number of Master Practitioners to continue their NLP learning and development journey in a focused and enhanced format. Designed to provide challenge and support in equal measure, this is a force for your continued learning and development. Come and have fun!"

Marie Faire
(Co-founder of The Beyond Partnership Ltd)

A programme of CPD for people who want to do more having completed their NLP Masters Programme.

NLP Masterclass Learning Set 2009

We will meet as a learning set before each Masterclass. This will be an opportunity to "check in" with each other and to set learning outcomes for the day.

Ideally members of the Learning Set will attend all four of our NLP Masterclasses in 2009.

Following each Masterclass those who are part of the Learning Set will have a private audience with the Masterclass presenter – an opportunity to ask more questions and model them.

We will then have dinner together, stay overnight and meet the following day to share and build on the Masterclass experience, and get individual time to explore current challenges, development and issues.

The Masterclass Series will be additionally open to anyone who has completed their NLP Master Practitioner Training.

The learning set will be facilitated by Marie Faire.
