

The Beyond Advanced Professional and Personal Development Programme

incorporating

NLP Master Practitioner

January – June 2018

"At Beyond we are so very excited about this programme. We are passionate about the potential of people and supporting everyone to be more of who they are.

This programme uniquely combines high quality NLP training with a personal and professional journey. You will be encouraged to challenge and be challenged, to give and receive feedback, to fully engage, to take risks and live the learning as it is happening.

We like to create multi-level learning experiences, that are fun, challenging and 'at the edge'. This will be no exception.

My personal mission is to live my life 'like a flaming torch', with a sense of personal integrity and a willingness to put myself on the line. And my bliss is in facilitating others to do the same and to become all they can be."

Marie Faire

With the focus for this entire programme being identity and becoming all you can be, we bring your personal journey to the forefront – who you are now and who you want to become – both in your work and in your personal life.

We use the core NLP skill of modelling as a fundamental process for realising your potential and taking your NLP to the next level. Practitioner skills are the foundation stones on which we build what we call 3-dimensional NLP.

We take a whole systems approach, creating a context where you will live your learning. With a maximum group size of 12, individual and group process becomes the content for truly applying and developing your NLP skills.

We apply modelling to two major projects, one individual and one organisational that will support your personal alignment and integrity. You will further develop your abilities through mapping patterns and systems, working with beliefs, values, leverage points and advanced NLP based change skills.

"Fun, challenging and helped me really grow. My only words of warning would be - if you like bland stuff, want to keep your ego intact and tick a box to get the badge don't bother - they're too good to let you do that."

AS, Director of Finance

"I did my NLP Master Practitioner with Beyond. I learned more from Marie about the integrity and rigour of modelling in those 6 months than I have on any other NLP programme. I would highly recommend Marie for her exquisite blend of challenge, humour, creativity and love of learning."

MJ, Consultant & Coach

We are rigorous in our standards and completely committed to supporting you on your learning journey and in developing outstanding (NLP) capability at a personal, interpersonal and group level. This programme is recognised by ANLP and by the Professional Guild of NLP.

The Trainers: Marie Faire and Guests

The programme will be lead by Marie Faire with guest facilitators throughout the programme. Marie is co-founder and a director of The Beyond Partnership. She

is a certified trainer in NLP and has run many Practitioner and Master Practitioner NLP certification programmes. Marie has a MA in Management Learning and is an accredited Professional Executive Coach (AC), a PCC (ICF), an accredited coaching supervisor (AC) and a recognised coaching supervisor and mentor coach (ICF). She also has extensive training in humanistic psychology and group dynamics; has trained in Covey "7 Habits", The Enneagram, Tai Chi and is certified in Spiral Dynamics, FIRO B, Me² and MBTI (Step 1 and 2).

Marie has been a coach, consultant, facilitator, and trainer for more than 30 years. She works in partnership with a large number of CEO's, directors, senior managers and their teams helping them to clarify and manifest their vision, challenge their thinking and develop effective strategy through people.
